- Based on the separate and consolidated financial statements for the first quarter of 2026.

Tien Giang Investment and Construction Joint Stock Company describes the difference between separate business results reports for the first quarter of 2026 and the same period in 2025 as follows:

No	Items	The first quarter of 2026	The first quarter of 2025	Difference	
				The absolute number	The relative number
1	Net profit after tax	27.264.954.180	30.968.445.638	(3.703.491.458)	Decrease 11,95%

In the first quarter of 2026, although revenue from production and business activities increased compared to the same period, profit after tax decreased due to a sharp decline in financial income. This was primarily attributable to lower profit remittances from subsidiaries compared to the same period in 2025.
